Step 1

Open your **Chrome** browser and navigate to (type in) this address:

https://m.couchbidder.com/

(the "m" will disappear after you hit enter)

You will see the Couchbidder Mobile Welcome screen.

Ignore the "Login" and "Register" buttons for now.

If you see an "Install" button (example left), **click it.**

If you do NOT see an Install button, you can click on the three dots ⋮ on the top right of your screen, then click on 🔲 Install app from the menu that drops down (example right).
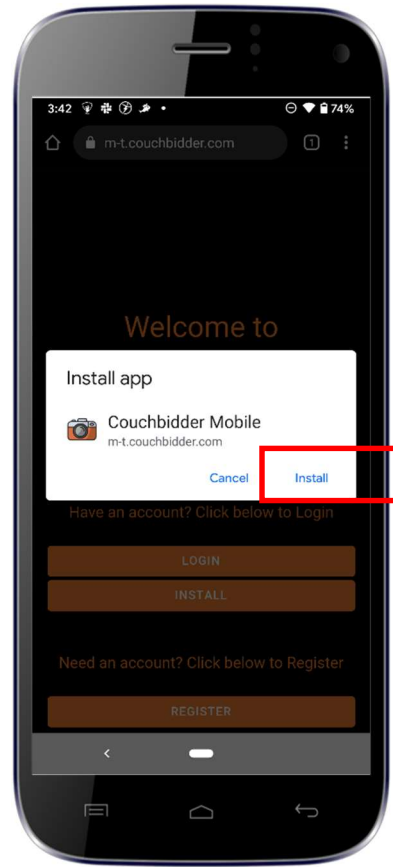

Either method will work the same way.

Step 2

When the "Install app" message pops up, click on Install and the app will be added to your home screen
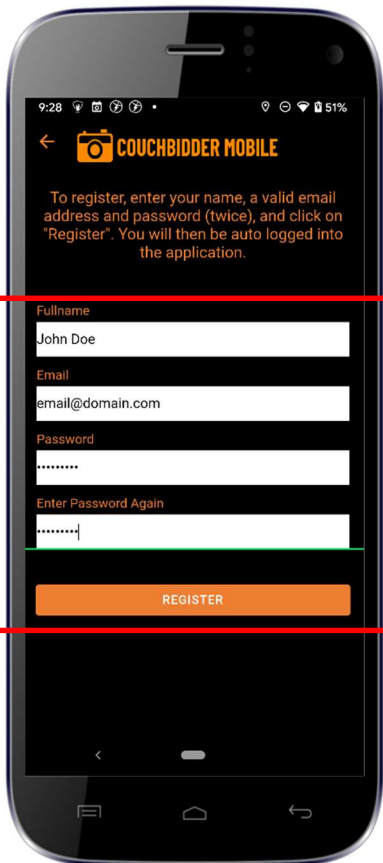

Step 3

Find the Couchbidder Mobile app on your home screen and 📷 click on it

Step 4

Click on **Register**

(Note, if you have previously registered, you may jump ahead to "Login"**)**

Step 6

You will be auto logged into Couchbidder Mobile. You're ready to begin!

Just press ➕ to start you first auction!

Step 5

Enter name, valid email address and password.

Passwords must be 8 characters long and contain at least one number, one uppercase letter and one lowercase letter.

Press Register when complete

Step 7

You will remain logged in on this device unless/until you log out. If you need to login to this or another device and can't recall your password, just select RESET PASSWORD from the login screen and we will email you a password reset.
